

# Become a part of an Adelaide success story!

Your Local **Greenthumbz** is a proud locally based South Australian gardening business established 15 years and rapidly growing as we bring the right people into our close friendly team.

A new round is now available in the **Northern & Barossa area**

Rounds are based on about 50% regular work & 50% new work. There is good money to be made on new and ad hoc work with jobs sourced by the Greenthumbz office. You are encouraged to also seek your own new customers.

We service a commercial and domestic customer base with many major companies on our list. In fact, our customer base is basically any house or business in South Australia - that's a big pool!

- ❖ no boundary restrictions
- ❖ training provided
- ❖ online advertising included
- ❖ small monthly licence fee only

**Greenthumbz** licensees have a Certificate 3 in Horticulture or are doing on the job training to get it. This is an easy to get qualification and if you are willing to train and learn we'll help you to get it.

Competitively priced at  
**\$27,500**  
including GST

Our **Greenthumbz** licensees are all hardworking, honest, friendly and family oriented people.

Jobs include (but are not limited to):

- ❖ lawn mowing, hedge trimming, tree lopping, irrigation fix and installation, ride on mowing, pruning fruit trees, vines, roses, etc., lawn maintenance, fertilising, weed control, top dressing, scarifying, coring, landscaping, mulching, paving, new lawns (artificial & real), new plantings, landscape design, gutter cleaning & general maintenance.

You'll be part of a close team (currently 5) with the ability to:

- ❖ borrow equipment, share, swap jobs, bring in extra labour and support, help with quotes, cover for holidays & attend monthly meetings.

**Greenthumbz** is an established trusted business with a lot of potential for our licensees. If you are looking for rewarding work, please call us now.
